MERRITT: -synonymous to: advantage, excellence, virtue, quality, eminence.

PHARMA: -because it offers pharmaceuticals for the remedy of animals.

ABOUT US

MERRITT PHARMA was established in Dublin, Ireland with its main offices at Lower 71, Baggot street, Dublin. We focused initially on Irish Animal Health market to present our products and later on, we expanded on other markets, too. The company has been accredited, Wholesaling license for Veterinary products in The Netherlands, too.

MERRITT PHARMA as a Veterinary company produces its products at certified by EU GMP & GMP+ manufacturing facilities. Additionally, through business partnerships with some multinational companies, MERRITT PHARMA markets established products to targeted markets, through its extensive network.

Our products are distributed worldwide, wherever our customers are.

Due to our love and care for all animal species, **Merritt Pharma** proposes affordable alternatives while maintaining the best quality in its products.

Driven by the need for niche products -environmental and animal friendly-, we aim to better animal welfare for all species, through extensive research. As a result of such intensive effort, new products are introduced. At the same time, we continue to offer and support already existing ones- and well known- pharmaceutical, as well nutritional combinations based on animal's needs.

OUR PRODUCT RANGE

INJECTABLES – BOLUS -ORAL LIQUIDS – WSP- PHARMACEUTICAL PREMIXES, SPRAYS, DIAGNOSTICS, CARE.

OUR PARTNER'S CERTIFICATION

EU GMP, GMP+, ISO
